On behalf of Lillian Canatella's family we would like to thank you for all that you have done to make her funeral as lovely as it turned out to be.

It was so kind of you to drive to us at Sacred Heart Residence since we were weary travelers, but that was just the start. From the first phone call to the last, you were there for us each step of the way.

Thanks for allowing us to add three times more photos to our picture DVD, and thanks for catching the incorrect date on my Mother's Obituary.

Your patience, your work ethic, and your knowledge on legal matters helped make a rather difficult situation feasible. Regardless of our ages you were dealing with a family that was geographically spread out and inexperienced in putting a funeral together. Thank you for handling our shortcomings in the utmost respectable manner.

Thank you most on being accommodating. Its employee's like you that serve your company and the community in a distinguished fashion.

Sincerely,
Ellen Kelley
